

**Your Classroom**

**Anytime. Anywhere.**

Hafa Adai,

The Center for Online Learning is open during Fañomnåkan Break. We will be welcoming faculty to come in person or login for Moodle professional development.

Whether you are a new Moodle-er or you have been Moodle-ing for years, the COLL team looks forward to offering you some best-practice tips and tricks.

During the Fañomnåkan Break, you are invited to the Center for Online Learning for support, Q&A, and snacks (no appointment needed).

You are also invited to login for 12-1pm "brown bag" lunch sessions:

- **MON 3/17: Warm Welcome**
  - Cultivate a supportive and chatty community of online learners.
- **TUES 3/18: VoiceThread**
  - Build engaging asynchronous, multi-media lectures and discussions.
- **WED 3/19: H5P**
  - Develop activities to enhance retention and gamify assessment: flashcards, interactive maps, crosswords, and more.
- **THUR 3/20: BigBlueButton**
  - Like Zoom, but better for low-bandwidth situations and recording reusability.
- **FRI 3/21: Moodle Makeover**
  - Improve the aesthetics, ease of navigation, and student completion rates.

Each of the above trainings will provide around 20 minutes of instruction and demonstration followed by a robust "working session" to assist participants with their online course design and Moodle skill building.

To join these sessions, log into Moodle, proceed to the Faculty Corner, and click on the Fañomnåkan Break - OL Training link.

We look forward to seeing you at the Center for Online Learning (House #6 Dean's Circle) or online.
